Wesleyan Inst.  
Lawrence, Kans.

Dear Mr Blair:

I have written to Mr. Pickenger  
about returning but he must  
have forgotten or the other as

has not answered my letter. I had  
the misfortune of having my transport  
ticket stolen <sup>in</sup> 1931 on the day I was  
returning to Haskell and could not get  
another but Mr. Baldwin promised me  
that I would be there the next year  
but my application got in when the  
Commercial Department was already  
over filled. I tried all I could  
to get back last fall but I could not

In October Mr. Fickinger wrote and promised me that I could enter this fall for sure as they did not start new students the second semester.

Since he has <sup>not</sup> answered my letter, I thought I would take it up with you so I would

know what to do immediately about  
sending in an application, You will  
find my records at the office  
and Miss Arnolds books.

I was certainly glad to hear of  
your return to Haskell and I am  
more than willing to be there  
again. Thank you  
respectfully
