Dr. R. D. Baldwin, Superintendent,
Haskell Institute, Lawrence, Kansas.

My dear Dr. Baldwin:

For consideration by your enrolling staff there is enclosed with this letter in duplicate an application for the return to the Haskell Institute of Lucy Friedlander of this jurisdiction. I recommend that as favorable consideration as is possible be given this application.

May I ask that the duplicate copy be returned to this Agency when Miss Friedlander has been accepted, so that our records in this case will be completed thereby?

Very truly yours,

Superintendent.
