Dr. R. D. Baldwin, Superintendent,  
Haskell Institute, Lawrence, Kansas.

My dear Dr. Baldwin:

At the termination of the last school year Lucy Friedlander of this jurisdiction was provided with a round-trip ticket for use from Lawrence to Spokane, Washington. In September when this girl was ready to return to Haskell from Ellensburg, Washington, her ticket was taken from the family car there, and we have not succeeded in effecting such adjustment as may be possible.

For my use to pursue this matter in behalf of this young woman will you have secured for me such information as the ticket office records at Lawrence may show, for thus far Lucy has not had the means to procure another ticket for her use to Lawrence and has had to remain out of school.

Thanking you, I remain,

Very truly yours,

*Harvey T. Meyer*  
Superintendent.
